## MALE

**AUTOMOBILE INSTRUCTION**  
You Can Make \$10 a Day and  
More 365 Days a Year

Would you be willing to invest a few dollars a week to be trained by experts, in twelve weeks, to be fully capable of earning \$40 to \$75 a week?

If you are, don't let having a fair-paying job, or being short of ready cash, prevent you from investigating this most unusual proposition.

The present demand upon us for Stewart trained automobile mechanics is greater than we could supply.

All we ask is your willingness to learn the best paying trade in the world. A deposit of only a few dollars—to show your confidence and good intentions—will be required. We will make your other payments suit your convenience and, if necessary, we will help you get a permanent job after you graduate.

## The Chance of a Life-time

We could not begin to show you, in this advertisement, what a wonderful chance we are offering sincere, ambitious men to become financially independent for the rest of their lives. Men earning less than \$50 a week will make a great mistake if they fail to write us or come to our shops for full information.

Call our Circle 5270—right now—and tell us what hour you will be here. If you cannot call right away, write for our catalog. It illustrates all departments and tells a complete story about the work we are doing in training inexperienced men to become skilled earners of big wages and large salaries. Don't hesitate a day, for every day you delay means a money loss to you.
